SLOW WORK .- The city hands have succeed ed, after three days' work, in laying down fifty feet of flagging on Meeting-street.

THE working of the telegraph wires North, yesterday, was affected by a heavy storm. It is presumed that this is the cause of our meagre dispatches from that section.

THE STATE COURT—IN THE COMMON PLEAS. HON. B. B. CARPENTER, PRESIDING. -The court was engaged in the call of the city Issue and Inquiry Docket, and no business of general interest was transacted.

THE WEATHER. -Although not as warm yes terday as on Saturday and Sunday, much complaint existed among those who had to stir abroad. The thermometer, at 8 A. M., stood at 82; at 12 M., 88; at 8 P. M., 89; at 6 P. M., 87.

ANOTHER ILL-MATED COUPLE.—Ben Brightman, colored, has petitioned for a divorce from his spouse, not in consequence of incompatibility of temperament, as in an illustrious author's case, but because his Dinah loved another more than her liege lord. This is the second petition for divorce in this city, both of them being from colored parties.

KNOCKED OVER BY LIGHTNING .- On Sunday afternoon last, during the shower of rain, a gentleman who was sitting reading, in his residence near the corner of Tradd and Church streets, was thrown out of the chair to the floor by the lightning, which struck somewhere in that vicinity; where, however, our most diligent inquiries have failed to reveal.

A HORRIBLE ACCIDENT, by which Mr. Thomas Gearon, an employee of the Atlantic and Gulf Bailroad, was seriously if not fatally injured. occurred at Savannah on Saturday afternoon last. It seems that Mr. Gearon was endeavor-ing to adjust a belt on the main shaft running from the machine shop to the paint shop, when by some means he slipped and was caught by the belt and whirled around with great violence, making, it was thought, an hun-dred or more revolutions before the machinery, was stopped.

DEPARTURE FOR HAYTI. - The steam propeller Aspinwall, which came into this port some weeks since from Havana, and has since been remaining here, left suddenly on Sunday last, it is reported, for Port an Prince. It has been mentioned that she has been dispatched to notify the government of Havti, and perhaps other parties, of the departure from this country of the steamship Quaker City and other Moves. -On Saturday last Mossrs. John Gudvessels, with arms, troops and warlike stores for operations in the West Indies. The movements of the Aspinwall were kept private, and there is no reason to doubt but that she carried news of an important character.

BURGLARY AND ATTEMPTED RAPE,-At two o'clock day before yesterday morning an able bodied negro man cutered a residence in street, and made his way to the apartments, where he robbed the clothing of the sleeping inmates of pocket books containing money. Not content with this crime, he went to an adjoining room where a daughter of the gentleman, a young girl about fourteen years old, was sleeping, and attempted to gratify his helijsh luste. She screamed, which aroused her father, who instantly repaired to the scene, but before he could apprehend the fiend, he leaped from the second story window to a lot below and made his escape.

A number of gentleman rushed to the resone of the unfortunate famale, and found a colored man beating his wife. Every time he slapped her she yelled. An inquiry into the cause of this strange conduct upon the part of the husband. led to the inference that she had been unfaithful to her marriage vows. The gentlemen without interfering left the scene, as did the pair—the female crying and the male quarrel-

UNITED STATES COURT, JUNE 21 .- HON. GEO. S. BRYAN, PRESIDING.—The following business was transacted yesterday:

In the case of the United States vs. one hundred and sixty-nine packages of tobacco, found at Columbia, S. C., in possession of the South Carolina Railroad, the information was read and filed, and on motion of the United States District Attorney, it was ordered that a warrant of arrest and monition do issue as therein prayed, returnable on the first Monday in July next.

In the case of Richard Arnold vs. the steamship Moneka, the Judge decreed the collection of costs and damages, and ordered that an execution forthwith issue in furtherance of said decree against H. S. Lebby, Alexander R. Chisolm, and Edward Willis, stipulators, and John and Archibald Getty and Theodore D. Wagner, sureties on the appeal bond.

CHEAP RAILBOAD TRAVELLING .- H. T. Peake, Esq., the General Suparintendent of the South Carolina Railroad, is now issuing "Green Line" certificates which entitle the bearer to travel at half fare, once each way, over the following named railroads: Louisville and Nashville, Memphis and Louisville, Nashville and Northwestern, Nashville and Chattanooga, Western and Atlantic, Selma, Rome and Dalton, Macon and Western, Atlanta and West Point, Montgomery and West Point, Georgia and South Carolina Railroads. This is done under an agreement entered

into at the "Green Line" Convention, held at Atlanta in March last, and the "half fare" privilege is extended to all persons travelling "for the purpose of soliciting business." The cost of travelling is in this way reduced one half, and our Charleston merchants may now, without great expense, extend their trips to all the most important points in the South west. We are glad to see this new movement. It is an indication that our railroads are bent on giving all the help they can to our people, who must do their part by working actively to extend their trade and make known the business advantages they are prepared to offer.

FRREDMEN'S SAVINGS AND TRUST COMPANY. branch of this company have recently purchased and fitted up as a regular banking by the new arrangements. We learn that there are fourteen hundred depositors, who have deposited one hundred thousand dollars. The report of the cashier, Mr. Nathan Ritter, in April last, showed that the deposits were \$38,-520 68; drafts \$31,947 61; amount due depositors \$95,588 90. H. E. Dereef is Chairman and F. C. Desverney is Secretary of the Board.

Deposits made between now and the 19th of July will draw interest from the 1st of Julyfive per cent. interest being allowed upon deposite. Deposits of five cents and upwards can be made, and deposits of gold or silver will be returned in gold or silver.

These banks have done much toward makng the colored people more thrifty, and have kept thousands from moral and pecuniary ruin by preventing them from spending their hardearned money in liquor and lotteries, the latter of which tends more (after liberty) than any other known cause toward thronging our streets with idle, worthless negroes.

HOLLIS RIVERS FROM CUS-TODY .- This gentleman who, on the 18th of April, 1868, was arrested without affidavit or warrant by the military authorities upon the

charge of murdering Captain George C. Heyward, on the 1st of March, 1867, and incarcerated for four months in Castle Pinckney without being allowed the privilege of consulting his friends or of employing counsel, has been released by Judge William Schley, of the Superior Court of Chatham County, Georgia, After remaining in Castle Pinckney the time stated, he was allowed to enter into bonds with security for his appearance at the next term of the Court of General Sessions at Beau-

fort. He appeared at that term of said court, and although the grand jury declined to find a true bill against him, as was the case at the next term of the court, the judge refused to discharge him from his recognizance. Rivers then engaged in the business of rafting from South Carolina to Savannah. On the third day of May last, the Governor of South

Carolina issued his proclamation offering a reward of one thousand dollars for the arrest of the murderer or murderers of Captain Heyward, with evidence to convict. On the eighteenth of May last, Rivers was arrested on the Savannah River, about four miles below the city, and committed to the county jail to await a requisition from the Governor of the State of South Carolina, where he remained until Saturday last. Then his counsel had him brought before Judge Schley, upon a writ of habeas corpus. The Judge ordered that he should be released from custody and set at liberty, and that the costs incurred by his arrest and detention be taxed against the prosecutor, James Heyward.

ATTEMPTED BURNING OF A DWELLING-FIVE PERSONS BURNT, ONE FATALLY.-About two o'clock yesterday morning, Mrs. E. E. Calder, residing with her father, Mr. E. C. Prince, at No. 1 Ann, near Elizabeth-street, was aroused by a light in her chamber, in which she, with her two children, one an infant four months old, slept. She immediately jumped up and discovered that the bed was on fire, burning from the bottom. She gave the alarm, and her father and brother, Mr. J. E. Prince, came to her assistance. They rescued the children from the flames, which, with some difficulty and after two beds were burnt, were extinguished. Mrs. Calder, her brother aud father, were

burnt about the hands and arms while rescuing the children, both of whom were severely burnt. One of them, Edwin Charles, about three years of age, lingered in excruciating agony until seven o'clock yesterday afternoon, when death put an end to his sufferings. At a late hour last night no hopes of the recovery of the babe were entertained. The injuries sustained by the others were of a comparatively trifling character, and they are now doing After the flames were extinguished, and the

children attended to, an examination of the room was made. A kerosene oil lamp, which Mr. Prince asserts, positively, at twelve o'clock when he retired. blew out and placed upon the mantelpiece, was found under the bed. It was out, having, of course, been extinguished with the beds and bedding. The lamp was touching the washboard of the house, which was partially burnt.

NEW YORK FASHIONS .- A New York letter gives us the following Fashion hints :

"Dotted dresses are fashionable, but the dots must be quite fine and in black or stone color on a white ground, and the trimming is many narrow folds of dark silk with a wide space between, and one small bow without ends. "Cambric wrappers of the fine thread cross

bars, now fancied in lilac, sea green and bright colors, are sold ready-made for six dollars at one of the large houses here. They are loose, gored shape, flounced, with ruffle up the front seams and over the shoulder; the material at retail is forty cents a yard, and the work well done. "Dresses of white, striped with black in fine

lines an inch spart, and trimmed with the same, are much worn for a change, over black petilooste, with a single deep flounce. A light yet striking todet for one so cheap is of black and white solid stripes, in thin wasted material, worth fifty cents a yard. The gored underakirt is trimmed with two puffs of black silk, the lower one three inches from the edge. "Speaking of linen suits, the newest are

trimmed with two graduated quilled flounces bound in brown, with two quilled ruches of the same, three inches wide above the flounces, with rather a wide interval. The basque is square in the neck, with quillings, the sleeve wide with quilling at the wrist, the sash of brown silk or linen simply bound with braid. The gray linen is worn almost as much as buff, and is preferred because it is purer material. Linen suits ready made are ten dollars to six-
